IMPORTANT INFORMATION

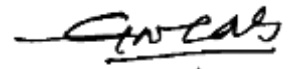

Dear Parents / Students,

In spite of several reminders, we regret to say that a large number of students consistently arrive late to the school. This not only disrupts the school environment but also affects the morning assembly and other scheduled activities of the school causing inconvenience to many.

Therefore, we request the parents to ensure that their wards arrive at the school in time. Continued negligence and non-compliance in this matter may lead to disciplinary action against the concerned students. (as per norms).

Your co-operation will certainly help us to improve the situation and the smooth running of the school.

With regards

Principal
